BOOK SYNOPSIS

The Story of the Moors in Spain is a history of the Moorish Empire in Andalusia, chronicling the rise and fall of the Islamic empire, and with it the stymie of a "civilized and enlightened State." Author Stanley Lane-Poole catalogues the art, architecture, religion, science, and industry that flourished with the establishment of the Muslim regime in Spain. A rare non-Christian history from the 19th century, students and researchers alike should cherish this classic text, included here with original illustrations. Born in 1854 in London, England, STANLEY LANE-POOLE was a British historian, orientalist, and archaeologist. Lane-Poole worked in the British Museum from 1874 to 1892, thereafter researching Egyptian archaeology in Egypt. From 1897 to 1904 he was a professor of Arabic studies at Dublin University. Before his death in 1931, Lane-Poole authored dozens of books, including the first book of the Arabic-English Lexicon started by his uncle, E.W. Lane.
